# Weather API

**Weather API** [Home](#) / [Weather API](#)

Please, [sign up](#) to use our fast and easy-to-work weather APIs for free. In case your requirements go beyond our freemium account conditions, you may check the entire list of our [subscription plans](#). You can read the [How to Start](#) guide and enjoy using our powerful weather APIs right now.

## Current & Forecast weather data collection

### Current Weather Data

[API doc](#) [Subscribe](#)

- Access current weather data for any location including over 200,000 cities.
- We collect and process weather data from different sources such as global and local weather models, satellites, radars and a vast network of weather stations
- JSON, XML, and HTML formats
- Included in both free and paid subscriptions

### Hourly Forecast 4 days

[API doc](#) [Subscribe](#)

- Hourly forecast is available for 4 days
- Forecast weather data for 96 timestamps
- JSON and XML formats
- Included in the Developer, Professional and Enterprise subscription plans

### One Call API

[API doc](#) [Subscribe](#)

- Make one API call and get current, forecast and historical weather data
- **Minute forecast** for 1 hour
- **Hourly forecast** for 48 hours
- **Daily forecast** for 7 days
- **Historical data** for 5 previous days
- **National weather alerts**
- JSON format
- Included in both free and paid subscriptions

### Daily Forecast 16 days

[API doc](#) [Subscribe](#)

- 16 days forecast is available for any location on the globe
- 1-day step for 16 days
- JSON and XML formats
- Included in all paid subscription plans

### Climatic Forecast 30 days

[API doc](#) [Subscribe](#)

- Forecast weather data for 30 days
- JSON format
- Included in the Developer, Professional and Enterprise subscription plans

### Bulk Downloading

[API doc](#) [Subscribe](#)

- You may request current weather and forecasts in bulk with a variable data granulation
- Current weather bulk is available for 209,000+ cities
- Variety of hourly and daily forecast bulk downloads

# Marvel API

The screenshot shows the Marvel API website. At the top, there's a navigation bar with links for SIGN IN, JOIN, and a MARVEL logo. Below this is a secondary navigation bar with categories: VIDEOS, CHARACTERS, COMICS, MOVIES, TV SHOWS, GAMES, NEWS, and MORE. A third bar highlights the DEVELOPER PORTAL with links to How-Tos, Interactive Documentation, Get a Key, Help, and News and Updates. The main content area features a large hero image of Iron Man with the text 'CREATE AWESOME STUFF WITH THE WORLD'S GREATEST COMIC API'. Below this, a paragraph explains that the Marvel Comics API allows developers to access information about Marvel's vast library of comics. A red 'GET STARTED' button is prominently displayed. Further down, three key actions are listed: 'API Documentation' (with a document icon), 'Test Calls' (with a test icon), and 'Get a Key' (with a key icon). Each action includes a brief description of what it entails. The footer section contains various links organized into columns: ABOUT MARVEL (HELP/FAQS, CAREERS, INTERNSHIPS), ADVERTISING (DISNEY+, MARVELHQ.COM, REDEEM DIGITAL COMICS), MARVEL INSIDER (Get Rewarded for Being a Marvel Fan), and MARVEL UNLIMITED (Access Over 25,000+ Digital Comics). Social media links for Facebook, Twitter, Instagram, and YouTube are also present under 'FOLLOW MARVEL'. At the very bottom, there are links for Terms of Use, Privacy Policy, Your California Privacy Rights, Do Not Sell My Info, Children's Online Privacy Policy, License Agreement, and Interest-Based Ads. The copyright notice '©2022 MARVEL' is also visible.

# Flights API

The image shows a mobile app interface for Skyscanner's Flights API. At the top, there's a blue header with the Skyscanner logo and a menu icon. Below the header, a large cityscape at night serves as the background. The text 'Flights API' is prominently displayed in white. Below it, a paragraph explains that the API connects users to flight data for building apps. A green 'Request access' button is centered. Further down, a white box contains text about the ease of development and a cookie consent notice with 'Accept' and 'Decline' buttons.

Skyscanner

## Flights API

Our Flights API directly connects you to all the data you need to build an innovative website or app, while helping your customers to find the best flight deals from anywhere in the world.

# Poke API

pokeapi.co

## PokéAPI

The RESTful Pokémon API

Serving over 250,000,000 API calls each month!

All the Pokémon data you'll ever need in one place,  
easily accessible through a modern RESTful API.

[Check out the docs!](#)

### Try it now!

Need a hint? Try `pokemon/ditto`, `pokemon-species/aerislash`, `type/3`, `ability/battle-armor`, or `pokemon?limit=100000&offset=0`.

Direct link to results: <https://pokeapi.co/api/v2/pokemon/ditto>
